Belison Church of Christ

The Belison Church of Christ, the only Restoration Movement church in the Antique Province, is located on the southwestern shore of Panay Island. About 25 people have been meeting in a small house for several years, but they have outgrown their worship space and are still growing. The congregation broke ground in January and began constructing a building where 100 to 120 people can worship.

The total cost is expected to be about 650,000 pesos (\$14,000). They are providing the labor, praying God will supply money for the materials, and will build as it becomes available. They have made good progress but are waiting for funds before they can continue.

If you would like to help the Belison Church make their dream a reality, contributions can be made by mail or on the website by designating your gift to "Building Project."

Construction Progress

Panay Christian Convention

Juanito and other leaders of the CALM Philippines churches are busy planning for this event on April 9-12.

Challenges

The price of gasoline has almost doubled because of the war in Iran. Costs for other commodities, including building materials, have also increased. This makes it difficult to continue traveling to visit the churches.

Decisions

There have been 20 decisions for Christ this year where Juanito has spoken this year.
